To Whom It May Concern,

I write this letter in recommendation of TRH Construction Company. The Chapel United Methodist Church has used TRH over the past year for both new construction and building renovation projects. In all aspects, this company has exceeded our expectations and made a commitment to quality work and customer service. We have had to work under strict timelines and the planning and execution of the projects has been well handled.

With confidence, I recommend the services of TRH Construction Company and plan to use them again in the future.

Sincerely,

Brooks Good  
Director of Operations  
912-262-1331
